### INTRODUCTION

#### 1.1 Description of The University of Texas System

For more than 130 years, The University of Texas System has been committed to improving the lives of Texans and people all over the world through education, research and health care.

The University of Texas System is one of the nation's largest systems of higher education, with [14 institutions](#) that educate more than 230,000 students. Each year, UT institutions award more than one-third of all undergraduate degrees in Texas and almost two-thirds of all health professional degrees. With about 20,000 faculty – including Nobel laureates – and more than 80,000 health care professionals, researchers, student advisors and support staff, the UT System is one of the largest employers in the state.

Life-changing research and invention of new technologies at UT institutions places the UT System among the [top 10 “World’s Most Innovative Universities,”](#) according to Reuters. The UT System [ranks eighth in the nation in patent applications](#), and because of the high caliber of scientific research conducted at UT institutions, the UT System is ranked No. 1 in Texas and No. 3 in the nation in federal research expenditures.

In addition, the UT System is home to three of the nation's National Cancer Institute Cancer Centers – UT MD Anderson, UT Southwestern and UT Health Science Center-San Antonio – which must meet rigorous criteria for world-class programs in cancer research. And the UT System is the only System in the country to have four Clinical and Translational Science Awards (CTSA) from the National Institutes of Health.

Transformational initiatives implemented over the past several years have cemented UT as a national leader in higher education, including the expansion of educational opportunities in South Texas with the opening of The University of Texas Rio Grande Valley in 2015. And UT was the only system of higher education in the nation that established not one, but two new medical schools in 2016 at The University of Texas at Austin and UT Rio Grande Valley.

University of Texas institutions are setting the standard for excellence in higher education and will continue to do so thanks to our generous donors and the leadership of the [Chancellor](#), [Board of Regents](#) and [UT presidents](#).

#### 1.2 Background and Special Circumstances

*The University of Texas System Administration, and several partnering Universities are designated Covered and/or Hybrid entities under the Health Insurance Portability and Accountability Act (HIPAA) and maintain, create, collect, or store protected health information as that term is defined under HIPAA. Additionally, the University of Texas System Administration and all Universities maintain, create, collect, and store personally identifiable information contained in student education records as defined under the Family Educational Rights and Privacy Act (FERPA). As such, the University of Texas System is required to comply with all security and privacy standards provided by HIPAA and FERPA for the safeguarding and handling of such records and must require contractors, who have access to such information, to comply with such*

*requirements when the contractor performs services on behalf of the University. The vendor seeking to partner with the University of Texas System may have access to information stored in network infrastructure, or other technological tools, defined as sensitive or confidential under federal and state laws; therefore, the vendor may be required to enter into the appropriate Business Associate Agreement or FERPA Addendum, if applicable.*

UT System wants to develop a sustainable funding strategy to support a reasonable and defensible information security posture at each of 14 UT Institutions and System Administration. Over the past ten (10) years, the UT Board of Regents has allocated over \$63M for security related initiatives, but all of this funding was short term and did not add to the operating budgets of the UT Institutions. UT Institutions can also apply to a \$35M capital fund each year for capital funds but technology proposals compete with other capital projects usually related to facility upgrades. Over the past three (3) fiscal years, of the \$60M of technology related proposals have been submitted to this fund, \$27M were funded.

Each UT Institution is its own legal entity and makes its own decisions about technology choices and priorities. Information technology at some UT Institutions operate at least partially on a charge-back or fee-for-service basis. UT Institutions do not have a mechanism for generating reserves from which to pay for capital upgrades. Currently there is a not a consolidated view per institution of expenditures that directly impact information security: some expenses are in the central IT budget, some are in decentralized IT units, and some are in the official security function budget. High level information about the nature and size of each UT Institution can be found at <https://utsystem.edu/documents/docs/publication/2018/fast-facts>.

Most institutions operate their own data centers. There are also three (3) shared regional data centers: Houston operated by M.D. Anderson Cancer Center, Austin operated by UT Austin, Arlington operated by a Shared Services organization. The Texas Advanced Computing Center (TACC) operated by UT Austin offers high performance computing to researchers.

All UT Institutions are subject to Texas Administrative Code [TAC202](#) and UT System policy [UTS 165](#) (Information Resources Use and Security Policy) but there are no uniform technical standards in place at this time. The state of Texas Department of Information Resources ([DIR](#)) has adopted the NIST Cybersecurity Framework.

Funding sources are complex. Academic Institutions can assess technology fees from students, charge tuition, and may receive regular and special funding from the state. They have other sources of income such as grants, contracts, athletic events, etc. The health-related Institutions have clinical operations, although those are sometimes performed through a partnership with one or more entities. They also receive regular and special funds from the state and obtain grants and contracts. More background on public higher education funding from the state can be found on the [Coordinating Board's web site](#).

The objectives of this study are to:

1. Develop an assessment of each institution's security program / posture as compared to a reference architecture or framework and identify specific strengths and gaps;

2. Analyze the current spending rates and funding strategies for functions that directly impact the information security posture of each UT Institution and recommend a pragmatic level of capital investment and ongoing operating expense for security-related programs and infrastructure for each institution; the proposed budget should enable UT Institution to address the gaps within a three to five-year time period;
3. Provide expense / investment forecasts for periodic upgrades to critical technology infrastructure for each institution;
4. Develop a budget template to be used in the annual budget cycle to document security related expenditures at each institution;
5. Provide overview level information of strategies employed by other public higher education and academic healthcare systems to fund and address information security risks.

### 1.3 Objective of Request for Proposal

The University of Texas System is soliciting proposals in response to this Request for Proposal No. 720-2002 (this “**RFP**”), from qualified vendors to provide Security Sustainability Study Services (the “**Services**”) more specifically described in **Section 5** of this RFP.

### 1.4 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by [§61.003, Education Code](#)) to use the group purchasing procurement method (ref. §§[51.9335](#), [73.115](#), and [74.008](#), *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (**UT System**), which is comprised of fourteen institutions described at <http://www.utsystem.edu/institutions>. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

## SECTION 2

## 2.5 Historically Underutilized Businesses

- 2.5.1 All agencies of the State of Texas are required to make a good faith effort to assist historically underutilized businesses (each a “HUB”) in receiving contract awards. The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any of the Services, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this **Section 2.5** will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any of the Services will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of the Services by Proposer is subject to review by University to ensure compliance with the HUB program.
- 2.5.2 University has reviewed this RFP in accordance with [Title 34, Texas Administrative Code, Section 20.285](#), and has determined that subcontracting opportunities (HUB and/or Non-HUB) are probable under this RFP. The HUB participation goal for this RFP is **26%**.
- 2.5.3 A HUB Subcontracting Plan (“HSP”) is required as part of, *but submitted separately from*, Proposer’s proposal. The HSP will be developed and administered in accordance with University’s Policy on Utilization of Historically Underutilized Businesses and incorporated for all purposes.

*Each Proposer, **whether self-performing or planning to subcontract**, must complete and return the HSP in accordance with the terms and conditions of this RFP. Proposers that fail to do so will be considered non-responsive to this RFP in accordance with [§2161.252, Government Code](#).*

*Questions regarding the HSP may be directed to:*

Contact: Kyle Hayes  
HUB Coordinator  
Phone: 512-322-3745  
Email: [khayes@utsystem.edu](mailto:khayes@utsystem.edu)

Contractor will not be permitted to change its HSP after the deadline submittal date unless: (1) Contractor completes a new HSP, setting forth all modifications requested by Contractor, (2) Contractor provides the modified HSP to University, (3) University HUB Program Office approves the modified HSP in writing, and (4) all agreements resulting from this RFP are amended in writing to conform to the modified HSP.

### **Instructions on completing an HSP**

Proposer must visit <https://www.utsystem.edu/offices/historically-underutilized-business/hub-forms> to download the most appropriate HUB Subcontracting Plan (HSP) / Exhibit H form for use with this Request for Proposal. Proposer will find, on the HUB Forms webpage, a link to “[Guide to Selecting the Appropriate HSP Option](#)”. **Click on this link and read the Guide first before selecting an HSP Option.** Proposer shall select, from the four (4) Options available, the Option that is most applicable to Proposer’s subcontracting intentions. These forms are in **fillable** PDF format and must be

downloaded and opened with *Adobe Acrobat / Reader* to utilize the fillable function. If Proposer has any questions regarding which Option to use, Proposer shall submit the question via Bonfire portal.

Proposer must complete the HSP, then print, sign and scan *all pages* of the HSP Option selected, with additional support documentation\*, **and submit via Bonfire portal**. NOTE: signatures must be “wet” signatures. Digital signatures are not acceptable.

Any proposal submitted in response to this RFP that does not have a corresponding HSP meeting the above requirements may be rejected by University and returned to Proposer as non-responsive due to material failure to comply with advertised specifications.

Each Proposer’s HSP will be evaluated for completeness and compliance prior to opening the proposal to confirm Proposer compliance with HSP rules and standards. Proposer’s failure to submit one (1) completed and signed HUB Subcontracting Plan **to the Bonfire portal** may result in University’s rejection of the proposal as non-responsive due to material failure to comply with advertised specifications.

**\*If Proposer’s submitted HSP refers to specific page(s) / Sections(s) of Proposer’s proposal that explain how Proposer will perform entire contract with its own equipment, supplies, materials and/or employees, Proposer must submit copies of those pages with the HSP sent to the Bonfire Portal. In addition, all solicitation emails to potential subcontractors must be included as backup documentation to the Proposer’s HSP to demonstrate Good Faith Effort.** Failure to do so will slow the evaluation process and may result in DISQUALIFICATION.

## 2.6 Pre-Proposal Conference

University will hold a pre-proposal call at 2 p.m. CST on October 17th, 2019.

Call-in number: **(877)226-9790**

Participant Code: **6269693#**

## SECTION 3

### SUBMISSION OF PROPOSAL

## SECTION 4

### GENERAL TERMS AND CONDITIONS

The terms and conditions contained in the attached Agreement (ref. **APPENDIX TWO**) or, in the sole discretion of University, terms and conditions substantially similar to those contained in the Agreement, will constitute and govern any agreement that results from this RFP. If Proposer takes exception to any terms or conditions set forth in the Agreement, Proposer will submit redlined **APPENDIX TWO** as part of its proposal in accordance with **Section 5.2.1** of this RFP. Proposer's exceptions will be reviewed by University and may result in disqualification of Proposer's proposal as non-responsive to this RFP. If Proposer's exceptions do not result in disqualification of Proposer's proposal, then University may consider Proposer's exceptions when University evaluates the Proposer's proposal.

Proposer's exceptions and proposed terms and conditions will be reviewed by University and may result in disqualification of Proposer's proposal as non-responsive to this RFP. If Proposer's exceptions do not result in disqualification of Proposer's proposal, then University may consider Proposer's exceptions when University evaluates the Proposer's proposal.

## SECTION 1

### GENERAL INFORMATION

#### 1.1 Purpose

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of the services to be performed, the detailed requirements of the services to be provided, and the conditions under which such services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

#### 1.2 Inquiries and Interpretations

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University's responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. **Section 4** of **APPENDIX ONE**). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer's proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (**FAX**) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

#### 1.3 Public Information

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the *Texas Public Information Act* (ref. [Chapter 552, Government Code](#)). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under §§[552.101](#), [552.104](#), [552.110](#), [552.113](#), and [552.131](#), *Government Code*.

#### 1.4 Type of Agreement

Contractor, if any, will be required to enter into a contract with University in a form substantially similar to the Agreement between University and Contractor (the "**Agreement**") attached to this RFP as **APPENDIX TWO** and incorporated for all purposes.

#### 1.5 Proposal Evaluation Process

University will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline or that are not accompanied by required number of completed and signed originals of the HSP will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. **Section 2.5.4** of this RFP). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may defer further action on proposals not included within the competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.

After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

#### **1.6 Proposer's Acceptance of RFP Terms**

Proposer (1) accepts [a] Proposal Evaluation Process (ref. **Section 1.5** of **APPENDIX ONE**), [b] Criteria for Selection (ref. **2.3** of this RFP), [c] Specifications and Additional Questions (ref. **Section 5** of this RFP), [d] terms and conditions of the Agreement (ref. **APPENDIX TWO**), and [e] all other requirements and specifications set forth in this RFP; and (2) acknowledges that some subjective judgments must be made by University during this RFP process.

Proposer understands and agrees that (1) this RFP is a solicitation for proposals and University has made no representation written or oral that one or more agreements with University will be awarded under this RFP; (2) University issues this RFP predicated on University's anticipated requirements for the Services, and University has made no representation, written or oral, that any particular scope of services will actually be required by University; and (3) Proposer will bear, as its sole risk and responsibility, any cost that arises from Proposer's preparation of a proposal in response to this RFP.

- 1.8.3 University will not provide compensation to Proposer for any expenses incurred by the Proposer for proposal preparation or for demonstrations or oral presentations that may be made by Proposer. Proposer submits its proposal at its own risk and expense.
- 1.8.4 Proposals that (i) are qualified with conditional clauses; (ii) alter, modify, or revise this RFP in any way; or (iii) contain irregularities of any kind, are subject to disqualification by University, at University's sole discretion.
- 1.8.5 Proposals should be prepared simply and economically, providing a straightforward, concise description of Proposer's ability to meet the requirements and specifications of this RFP. Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.
- 1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in University's best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University's sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.

Except as otherwise provided in this RFP, no proposal may be changed, amended, or modified after it has been submitted to University. However, a proposal may be withdrawn and resubmitted at any time prior to the Submittal Deadline. University and Contractor hereby agree as follows:

**1. Scope of Work.**

- 1.1 Contractor will perform the scope of the work (**Work**) in **Exhibit A**, Scope of Work, to the satisfaction of University and in accordance with the schedule (**Schedule**) for Work in **Exhibit B**, Schedule. Time is of the essence in connection with this Agreement. University will have no obligation to accept late performance or waive timely performance by Contractor.
- 1.2 Contractor will obtain, at its own cost, any and all approvals, licenses, filings, registrations and permits required by federal, state or local, laws, statutes, regulations and ordinances (collectively, **Applicable Laws**), for the performance of Work.

**2. The Project.**

The Work will be provided in connection with Security Sustainability Review Services for The University of Texas System and on behalf of each of the fourteen University of Texas System institutions (**Project**).

**3. Time for Commencement and Completion.**

The term (Initial Term) of this Agreement will begin on the Effective Date and expire on \_\_\_\_\_, 2022. University will have the option to renew this Agreement for \_\_\_\_\_ (\_\_\_\_) additional \_\_\_\_\_ (\_\_\_\_) year terms (each a Renewal Term). The Initial Term and each Renewal Term are collectively referred to as the Term.

**4. Contractor's Obligations.**

- 4.1 Contractor will perform Work in compliance with (a) all Applicable Laws, and (b) the Board of Regents of The University of Texas System *Rules and Regulations* (<http://www.utsystem.edu/offices/board-regents/regents-rules-and-regulations>) the policies of The University of Texas System (<http://www.utsystem.edu/board-of-regents/policy-library>); and the institutional rules, regulations and policies of University (collectively, **University Rules**). Contractor represents and warrants that neither Contractor nor any firm, corporation or institution represented by Contractor, or anyone acting for the firm, corporation or institution, (1) has violated the antitrust laws of the State of Texas, [Chapter 15, Texas Business and Commerce Code](#), or federal antitrust laws, or (2) has communicated directly or indirectly the content of Contractor's response to University's procurement solicitation to any competitor or any other person engaged in a similar line of business during the procurement process for this Agreement.
- 4.2 Contractor represents and warrants that (a) it will use its best efforts to perform Work in a good and workmanlike manner and in accordance with the highest standards of Contractor's profession or business, and (b) all Work to be performed will be of the quality that prevails among similar businesses of superior knowledge and skill engaged in providing similar services in major United States urban areas under the same or similar circumstances.

- 4.3 Contractor will call to University's attention in writing all information in any materials supplied to Contractor (by University or any other party) that Contractor regards as unsuitable, improper or inaccurate in connection with the purposes for which the material is furnished.
- 4.4 University at all times is relying on Contractor's skill and knowledge in performing Work. Contractor represents and warrants that Work will be accurate and free from any material defects. Contractor's duties and obligations under this Agreement will not be in any way diminished by reason of any approval by University. Contractor will not be released from any liability by reason of any approval by University.
- 4.5 Contractor will, at its own cost, correct all material defects in Work as soon as practical after Contractor becomes aware of the defects. If Contractor fails to correct material defects in Work within a reasonable time, then University may correct the defective Work at Contractor's expense. This remedy is in addition to, and not in substitution for, any other remedy for defective Work that University may have at law or in equity.
- 4.6 Contractor will maintain a staff of properly trained and experienced personnel to ensure satisfactory performance under this Agreement. Contractor will cause all persons connected with Contractor directly in charge of Work to be duly registered and licensed under all Applicable Laws. Contractor will assign to the Project a designated representative who will be responsible for administration and coordination of Work.
- 4.7 Contractor represents and warrants it is duly organized, validly existing and in good standing under the laws of the state of its organization; it is duly authorized and in good standing to conduct business in the State of Texas; it has all necessary power and has received all necessary approvals to execute and deliver this Agreement; and the individual executing this Agreement on behalf of Contractor has been duly authorized to act for and bind Contractor.
- 4.8 Contractor represents and warrants that neither the execution and delivery of this Agreement by Contractor nor the performance of its duties and obligations under this Agreement will (a) result in the violation of any provision of its organizational documents; (b) result in the violation of any provision of any agreement by which it is bound; or (c) conflict with any order or decree of any court or other body or authority having jurisdiction.
- 4.9 Contractor represents and warrants that: (i) Work will be performed solely by Contractor, its full-time or part-time employees during the course of their employment, or independent contractors who have assigned in writing all right, title and interest in their work to Contractor (for the benefit of University); (ii) University will receive free, good and clear title to all Work Material developed under this Agreement; (iii) Work Material and the intellectual property rights protecting Work Material are free and clear of all encumbrances, including security interests, licenses, liens, charges and other restrictions; (iv) Work Material will not infringe upon or violate any patent, copyright, trade secret, trademark, service mark or other property right of any former employer, independent contractor, client or other third party; and (v) the use, reproduction, distribution, or modification of Work Material will not violate the rights of any third parties in Work Material, including trade secret, publicity, privacy, copyright, trademark, service mark and patent rights.
- 4.11** If this Agreement requires Contractor's presence on University's premises or in University's facilities, Contractor agrees to cause its employees, representatives, agents, or subcontractors to become aware of, fully informed about, and in full compliance with all

applicable University Rules, including those relative to personal health, security, environmental quality, safety, fire prevention, noise, smoking, and access restrictions.

**5. The Contract Amount.**

- 5.1 So long as Contractor has provided University with its current and accurate Federal Tax Identification Number in writing, University will pay Contractor for the performance of Work in accordance with **Exhibit C**, Payment for Services.
- 5.2 The Contract Amount includes all applicable federal, state or local sales or use taxes payable as a result of the execution or performance of this Agreement.
- 5.3 University (a State agency) is exempt from Texas Sales & Use Tax on Work in accordance with [§151.309, Texas Tax Code](#) and [34 Texas Administrative Code \(TAC\) §3.322](#). Pursuant to 34 TAC §§3.322(c)(4) and (g)(3), this Agreement is sufficient proof of University's tax exempt status and University is not required to provide further evidence of its exempt status.

**6. Payment Terms.**

- 6.1 At least ten (10) days before the end of each month during the Term, Contractor will submit to University an invoice covering Work performed for University to that date, in compliance with **Exhibit C**, Payment for Services. Each invoice will be accompanied by documentation that University may reasonably request to support the invoice amount. University will, within twenty-one (21) days from the date it receives an invoice and supporting documentation, approve or disapprove the amount reflected in the invoice. If University approves the amount or any portion of the amount, University will promptly pay (each a **Progress Payment**) to Contractor the amount approved so long as Contractor is not in default under this Agreement. If University disapproves any invoice amount, University will give Contractor specific reasons for its disapproval in writing.
- 6.2 Within ten (10) days after final completion and acceptance of Work by University or as soon thereafter as possible, Contractor will submit a final invoice (**Final Invoice**) setting forth all amounts due and remaining unpaid to Contractor. Upon approval of the Final Invoice by University, University will pay (**Final Payment**) to Contractor the amount due under the Final Invoice.
- 6.3 Notwithstanding any provision of this Agreement to the contrary, University will not be obligated to make any payment (whether a Progress Payment or Final Payment) to Contractor if Contractor is in default under this Agreement.
- 6.4 The cumulative amount of all Progress Payments and the Final Payment (defined below) will not exceed the Contract Amount in **Exhibit C**, Payment for Services.
- 6.5 No payment made by University will (a) be construed to be final acceptance or approval of that part of the Work to which the payment relates, or (b) relieve Contractor of any of its duties or obligations under this Agreement.
- 6.6 The acceptance of Final Payment by Contractor will constitute a waiver of all claims by Contractor except those previously made in writing and identified by Contractor as unsettled at the time of the Final Invoice for payment.
- 6.7 University will have the right to verify the details in Contractor's invoices and supporting documentation, either before or after payment, by (a) inspecting the books and records of Contractor at mutually convenient times; (b) examining any reports with respect to the Project; and (c) other reasonable action.

- 6.8 [Section 51.012, Texas Education Code](#), authorizes University to make payments through electronic funds transfer methods. Contractor agrees to accept payments from University through those methods, including the automated clearing house system (ACH). Contractor agrees to provide Contractor's banking information to University in writing on Contractor letterhead signed by an authorized representative of Contractor. Prior to the first payment, University will confirm Contractor's banking information. Changes to Contractor's bank information must be communicated to University in accordance with **Section 12.14** in writing at least thirty (30) days before the effective date of the change and must include an [IRS Form W-9](#) signed by an authorized representative of Contractor.
- 6.9 Notwithstanding any other provision of this Agreement, University is entitled to a discount of       % (**Prompt Payment Discount**) off of each payment that University submits within        days after University's receipt of Contractor's invoice for that payment.

## **7. Ownership and Use of Work Material.**

- 7.1 All tools, software, programs, drawings, specifications, plans, computations, sketches, data, photographs, tapes, renderings, models, publications, statements, accounts, reports, studies, and other materials prepared by Contractor or any subcontractors in connection with Work (collectively, **Work Material**), whether or not accepted or rejected by University, are the sole property of University and for its exclusive use and re-use at any time without further compensation and without any restrictions.
- 7.2 Contractor grants and assigns to University all rights and claims of whatever nature and whether now or hereafter arising in and to Work Material and will cooperate fully with University in any steps University may take to obtain or enforce patent, copyright, trademark or like protections with respect to Work Material.
- 7.3 Contractor will deliver all Work Material to University upon expiration or termination of this Agreement. University will have the right to use Work Material for the completion of Work or otherwise. University may, at all times, retain the originals of Work Material. Work Material will not be used by any person other than University on other projects unless expressly authorized by University in writing.
- 7.4 Work Material will not be used or published by Contractor or any other party unless expressly authorized by University in writing. Contractor will treat all Work Material as confidential.
- 7.5 All title and interest in Work Material will vest in University and will be deemed to be work made for hire and made in the course of Work rendered under this Agreement. To the extent that title to any Work Material may not, by operation of law, vest in University or Work Material may not be considered works made for hire, Contractor irrevocably assigns, conveys and transfers to University and its successors, licensees and assigns, all rights, title and interest worldwide in and to Work Material and all proprietary rights therein, including all copyrights, trademarks, service marks, patents, trade secrets, moral rights, all contract and licensing rights and all claims and causes of action with respect to any of the foregoing, whether now known or hereafter to become known. In the event Contractor has any rights in Work Material which cannot be assigned, Contractor agrees to waive enforcement worldwide of the rights against University, its successors, licensees, assigns, distributors and customers or, if necessary, to exclusively license the rights, worldwide to University with the right to sublicense. These rights are assignable by University.

## 8. Default and Termination

- 8.1 In the event of a material failure by a party to this Agreement to perform in accordance with its terms (**default**), the other party may terminate this Agreement upon fifteen (15) days' written notice of termination setting forth the nature of the material failure; provided, that, the material failure is through no fault of the terminating party. The termination will not be effective if the material failure is fully cured prior to the end of the fifteen-day (15-day) period.
- 8.2 University may, without cause, terminate this Agreement at any time upon giving seven (7) days' advance written notice to Contractor. Upon termination pursuant to this Section, Contractor will be entitled to payment of an amount that will compensate Contractor for Work satisfactorily performed from the time of the last payment date to the termination date in accordance with this Agreement; provided, that, Contractor has delivered all Work Material to University. Notwithstanding any provision in this Agreement to the contrary, University will not be required to pay or reimburse Contractor for any services performed or for expenses incurred by Contractor after the date of the termination notice, that could have been avoided or mitigated by Contractor.
- 8.3 Termination under **Sections 8.1 or 8.2** will not relieve Contractor from liability for any default or breach under this Agreement or any other act or omission of Contractor.
- 8.4 If Contractor fails to cure any default within fifteen (15) days after receiving written notice of the default, University will be entitled (but will not be obligated) to cure the default and will have the right to offset against all amounts due to Contractor under this Agreement, any and all reasonable expenses incurred in connection with University's curative actions.
- 8.5 In the event that this Agreement is terminated, then within thirty (30) days after termination, Contractor will reimburse University for all fees paid by University to Contractor that were (a) not earned by Contractor prior to termination, or (b) for goods or services that University did not receive from Contractor prior to termination.

Business Associate may use PHI it receives in its capacity as Covered Entity’s Business Associate for the proper management and administration of Business Associate in connection with the performance of services in the Underlying Agreement, as permitted by this Agreement or as Required by Law (as that term is defined by 45 C.F.R. § 164.103), and to carry out the legal responsibilities of Business Associate. Business Associate may also disclose Covered Entity’s PHI for such proper management and administration of Business Associate and to carry out the legal responsibilities of Business Associate. Any such disclosure of PHI shall only be made in accordance with the terms of this Agreement, including Section 5(c) if to an agent or subcontractor of Business Associate, and only if Business Associate obtains reasonable written assurances from the person to whom the PHI is disclosed that: (1) the PHI will be held confidentially and used or further disclosed only as required by law or for the purpose for which it was disclosed to the person, and (2) Business Associate will be notified by such person of any instances of which it becomes aware in which the confidentiality of the PHI has been breached.

d. Data Aggregation. Business Associate may use and disclose PHI received by Business Associate in its capacity as Covered Entity’s business associate in order to provide Data Aggregation services relating to Covered Entity’s health care operations only with Covered Entity’s permission.

e. Business Associate may use and disclose de-identified health information if written approval from the Covered Entity is obtained, and the PHI is de-identified in compliance with the HIPAA Rules.

3. Nondisclosure.

a. As Provided in Agreement. Business Associate shall not use or further disclose Covered Entity's PHI other than as permitted or required by this Agreement or as Required by Law (as that term is defined by 45 C.F.R. § 164.103).

b. Disclosures Required By Law. Business Associate shall not, without prior written consent of Covered Entity, disclose any PHI on the possibility that such disclosure is required by law without notifying, to the extent legally permitted, Covered Entity so that the Covered Entity shall have an opportunity to object to the disclosure and to seek appropriate relief. If Covered Entity objects to such a disclosure, Business Associate, shall, to the extent permissible by law, refrain from disclosing the PHI until Covered Entity has exhausted all alternatives for relief. Business Associate shall require reasonable assurances from persons receiving PHI in accordance with Section 2(c) that such persons will provide Covered Entity with similar notice and opportunity to object before disclosing PHI when a disclosure is required by law.

c. Additional Restrictions. If Covered Entity notifies Business Associate that Covered Entity has agreed to be bound by additional restrictions on the uses or disclosures of Covered Entity's PHI pursuant to HIPAA or the HIPAA Regulations, Business Associate shall be bound by such additional restrictions and shall not disclose Covered Entity's PHI in violation of such additional restrictions to the extent possible consistent with Business Associate's obligations set forth in the Underlying Agreement.

d. Restrictions Pursuant to Subject's Request. If Business Associate has knowledge that an individual who is the subject of PHI in the custody and control of Business Associate has requested restrictions on the disclosure of PHI, Business Associate must comply with the requested restriction if (a) the Covered Entity agrees to abide by the restriction; or (b) the disclosure is to a health plan for purposes of carrying out payment or health care operations and the PHI pertains solely to a health care item or service for which Covered Entity has been paid out of pocket in full. If the use or disclosure of PHI in this Agreement is based upon an Individual's specific authorization for the use or disclosure of his or her PHI, and the Individual revokes such authorization, the effective date of such authorization has expired, or such authorization is found to be defective in any manner that renders it invalid, Business Associate shall, if it has notice of such revocation, expiration, or invalidity, cease the use and disclosure of the Individual's PHI except to the extent it has relied on such use or disclosure, or if an exception under the Privacy Rule expressly applies.

e. Remuneration. Business Associate shall not directly or indirectly receive remuneration in exchange for disclosing PHI received from or on behalf of Covered

Entity except as permitted by HITECH Act § 13405, the MRPA, and any implementing regulations that may be promulgated or revised from time to time.

f. Disclosure. Business Associate shall not use or disclose PHI in a manner that would violate Subpart E of 45 C.F.R. part 164, or MRPA, if done by the Covered Entity itself except as authorized under Section 2 of this Agreement.

4. Minimum Necessary. Business Associate shall limit its uses and disclosures of, and requests for, PHI, to the minimum amount of PHI necessary to accomplish the intended purpose of the use, disclosure or request.

5. Additional Business Associate Obligations.

a. Safeguards. Business Associate shall use appropriate safeguards and comply with Subpart C of 45 C.F.R. 164 with respect to electronic PHI to prevent use or disclosure of the PHI other than as provided for by this Agreement. Business Associate shall implement administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of any paper or electronic PHI it creates, receives, maintains, or transmits on behalf of Covered Entity.

b. To the extent the Business Associate is to carry out one or more of Covered Entity's obligation(s) under the Privacy Rule, Business Associate shall comply with the requirements of the Privacy Rule that apply to the Covered Entity in the performance of the obligations.

c. Business Associate's Agents and Subcontractors.

1) Business Associate shall ensure that any agents and subcontractors to whom it provides PHI agree to only create, receive, maintain or transmit PHI on behalf of the Business Associate under the same restrictions that apply to Business Associate. Such agreement between Business Associate and subcontractor or agent must be in writing and must comply with the terms of this Agreement and the requirements outlined at 45 C.F.R. §164.504(e)(2); 45 C.F.R. §164.502(e)(1)(ii); 45 C.F.R. §164.314; and 45 C.F.R. §164.308(b)(2). Additionally, Business Associate shall ensure agent or subcontractor agree to and implement reasonable and appropriate safeguards to protect PHI.

2) If Business Associate knows of a pattern of activity or practice of its subcontractor or agent that constitutes a material breach or violation of the agent or subcontractor's obligation under the contract or other arrangement, the Business Associate must take steps to cure the breach and end the violation and if such steps are not successful, must terminate the contract or arrangement if feasible. If it is not feasible to terminate the contract, Business Associate must promptly notify the Covered Entity.

d. Reporting. Business Associate shall, as soon as practicable but not more than five (5) business days after becoming aware of any successful security incident or use or disclosure of Covered Entity's PHI or Sensitive Personal Information in

violation of this Agreement, report any such use or disclosure to Covered Entity. With the exception of law enforcement delays that satisfy the requirements under 45 C.F.R. § 164.412 or as otherwise required by applicable state law, Business Associate shall notify Covered Entity in writing without unreasonable delay and in no case later than ten (10) calendar days upon discovery of a Breach of Unsecured PHI or Breach of Security System. Such notice must include, to the extent possible, the name of each individual whose Unsecured PHI or Sensitive Personal Information has been, or is reasonably believed by Business Associate to have been, accessed, acquired, or disclosed during such breach. Business Associate shall also provide, to the extent possible, Covered Entity with any other available information that Covered Entity is required to include in its notification to individuals under 45 C.F.R. § 164.404(c) and Section 521.053, Texas Business & Commerce Code at the time of Business Associate's notification to Covered Entity or promptly thereafter as such information becomes available. For purposes of this Agreement, a Breach of Unsecured PHI or Breach of Security System shall be treated as discovered by Business Associate as of the first day on which such breach is known to Business Associate (including any person, other than the individual committing the breach, who is an employee, officer, or other agent of Business Associate, as determined in accordance with the federal common law of agency) or should reasonably have been known to Business Associate following the exercise of reasonable diligence.

e. Mitigation. Business Associate shall have procedures in place to mitigate, to the maximum extent practicable, any deleterious effect from any Use or Disclosure (as defined by 45 C.F.R. §160.103).

f. Sanctions. Business Associate shall apply appropriate sanctions in accordance with Business Associate's policies against any employee, subcontractor or agent who uses or discloses Covered Entity's PHI in violation of this Agreement or applicable law.

g. Covered Entity's Rights of Access and Inspection. From time to time upon reasonable notice, or upon a reasonable determination by Covered Entity that Business Associate has breached this Agreement, Covered Entity may inspect the facilities, systems, books and records of Business Associate related to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of Covered Entity or the safeguarding of such PHI to monitor compliance with this Agreement. Business Associate shall document and keep current such security measures and safeguards and make them available to Covered Entity for inspection upon reasonable request including summaries of any internal or external assessments Business Associate performed related to such security controls and safeguards. The fact that Covered Entity inspects, or fails to inspect, or has the right to inspect, Business Associate's facilities, systems and procedures does not relieve Business Associate of its responsibility to comply with this Agreement, nor does Covered Entity's (1) failure to detect or (2) detection but failure to require Business Associate's remediation of any unsatisfactory practices, constitute acceptance of such practice or a waiver of Covered Entity's enforcement or termination rights under this Agreement. This Section shall survive termination of this Agreement.

h. United States Department of Health and Human Services. Business Associate shall make its internal practices, books and records relating to the use and disclosure of PHI received from, or created or received by Business Associate on behalf of, Covered Entity available to the Secretary of the United States Department of Health and Human Services for purposes of determining Covered Entity's compliance with HIPAA and the HIPAA regulations, provided that Business Associate shall promptly notify Covered Entity upon receipt by Business Associate of any such request for access by the Secretary of the United States Department of Health and Human Services, and shall provide Covered Entity with a copy thereof as well as a copy of all materials disclosed pursuant thereto, unless otherwise prohibited by law.

i. Training. Business Associate shall provide such training in the privacy and security of PHI to its Workforce (as that term is defined by 45 C.F.R. § 160.103) as is required for Business Associate's compliance with HIPAA, HIPAA Regulations, HITECH, and the MRPA.

6. Obligation to Provide Access, Amendment and Accounting of PHI.

a. Access to PHI. Business Associate shall make available to Covered Entity, in the time and manner designated by the Covered Entity, such information as necessary to allow Covered Entity to meet its obligations under the HIPAA Regulations, PHI contained in a Designated Record Set held by Business Associate as Covered Entity may require to fulfill Covered Entity's obligations to provide access to, and copies of, PHI in accordance with HIPAA and the HIPAA Regulations and MRPA. In the event that any individual requests access to PHI directly from Business Associate, Business Associate shall notify Covered Entity within five (5) business days that such request has been made.

b. Amendment of PHI. Business Associate shall make available to Covered Entity PHI contained in a Designated Record Set held by Business Associate as Covered Entity may require to fulfill Covered Entity's obligations to amend PHI in accordance with HIPAA and the HIPAA Regulations. In addition, Business Associate shall, as directed by Covered Entity, incorporate any amendments to Covered Entity's PHI into copies of such information maintained by Business Associate. In the event that any individual requests amendment of PHI directly from Business Associate, Business Associate shall forward such request to Covered Entity within five (5) business days.

c. Accounting of Disclosures of PHI.

1) Record of Disclosures. Business Associate shall maintain a record of all disclosures of PHI received from, or created or received by Business Associate on behalf of, Covered Entity, except for those disclosures identified in Section 6(c)(2) below, including the date of the disclosure, the name and, if known, the address of the recipient of the PHI, a brief description of the PHI disclosed, and the purpose of the disclosure which includes an explanation of the reason for such disclosure. Business Associate shall make this record available to Covered Entity upon Covered Entity's request. If Business

Associate maintains records in electronic form, Business Associate shall account for all disclosures made during the period of three (3) years preceding the request. In the event that any individual requests an accounting of disclosures of PHI directly from Business Associate, Business Associate shall notify Covered Entity within five (5) business days that such request has been made and provide Covered Entity with a record of disclosures within ten (10) days of an individual's request. If the request from an individual comes directly to Covered Entity and Covered Entity notifies Business Associate that it requires information from Business Associate in order to respond to the individual, Business Associate shall make available to Covered Entity such information as Covered Entity may require within ten (10) days from the time of request by Covered Entity.

2) Certain Disclosures Need Not Be Recorded. The following disclosures need not be recorded:

- a) disclosures to carry out Covered Entity's treatment, payment and health care operations as defined under the HIPAA Regulations;
- b) disclosures to individuals of PHI about them as provided by the HIPAA Regulations;
- c) disclosures for Covered Entity's facility's directory, to persons involved in the individual's care, or for other notification purposes as provided by the HIPAA Regulations;
- d) disclosures for national security or intelligence purposes as provided by the HIPAA Regulations;
- e) disclosures to correctional institutions or law enforcement officials as provided by the HIPAA Regulations;
- f) disclosures that occurred prior to the later of (i) the Effective Date or (ii) the date that Covered Entity is required to comply with HIPAA and the HIPAA Regulations;
- g) disclosures pursuant to an individual's authorization in accordance with HIPAA and the HIPAA Regulations; and
- h) any other disclosures excepted from the right to an accounting by the HIPAA Regulations.

7. Material Breach, Enforcement and Termination.

a. Term. This Agreement shall become effective on the Effective Date and shall continue unless or until this Agreement terminates, the Underlying Agreement terminates, or the Business Associate has completed performance of the services in the Underlying Agreement, whichever is earlier.

- b. Termination. Either Party may terminate this Agreement:
- 1) immediately if the other Party is finally convicted in a criminal proceeding for a violation of HIPAA or the HIPAA Regulations;
  - 2) immediately if a final finding or stipulation that the other Party has violated any standard or requirement of HIPAA or other security or privacy laws is made in any administrative or civil proceeding in which the other Party has been joined; or completed performance of the services in the Underlying Agreement, whichever is earlier.
  - 3) pursuant to Sections 7(c) or 8(b) of this Agreement.
- c. Remedies. Upon a Party's knowledge of a material breach by the other Party, the non-breaching Party shall either:
- 1) provide an opportunity for the breaching Party to cure the breach and end the violation or terminate this Agreement and the Underlying Agreement if the breaching Party does not cure the breach or end the violation within ten (10) business days or a reasonable time period as agreed upon by the non-breaching party; or
  - 2) immediately terminate this Agreement and the Underlying Agreement if cure is not possible.
- d. Injunctions. Covered Entity and Business Associate agree that any violation of the provisions of this Agreement may cause irreparable harm to Covered Entity. Accordingly, in addition to any other remedies available to Covered Entity at law or in equity, Covered Entity shall be entitled to seek an injunction or other decree of specific performance with respect to any violation of this Agreement or explicit threat thereof, without any bond or other security being required and without the necessity of demonstrating actual damages.
- e. Indemnification. This indemnification provision is enforceable against the Parties only to the extent authorized under the constitution and laws of the State of Texas. The Parties will indemnify, defend and hold harmless each other and each other's respective employees, directors, officers, subcontractors, agents or other members of its workforce, each of the foregoing hereinafter referred to as "indemnified party," against all actual and direct losses suffered by the indemnified party and all liability to third parties arising from or in connection with any breach of this Agreement or of any warranty hereunder or from any negligence or wrongful acts or omissions, including failure to perform its obligations under MRPA, HIPAA, the HIPAA Regulations, and the HITECH Act by the indemnifying party or its employees, directors, officers, subcontractors, agents or other members of its workforce.
- f. Breach of PHI and Breach of System Security. Business Associate will pay or reimburse Covered Entity for all costs and penalties incurred by Covered Entity in connection with any incident giving rise to a Breach of PHI and/or a Breach of

System Security, including without limitation all costs related to any investigation, any notices to be given, reasonable legal fees, or other actions taken to comply with HIPAA, the HITECH Act, or any other applicable law or regulation, where (i) the PHI was in the custody or control of Business Associate when the Breach of PHI and/or Breach of System Security occurred, or (ii) the Breach of PHI and/or Breach of System Security was caused by the negligence or wrongful acts or omissions of Business Associate and its employees, directors, officers, subcontractors, agents or other members of its workforce.

8. General Provisions.

a. State Law. Nothing in this Agreement shall be construed to require Business Associate to use or disclose PHI without written authorization from an individual who is a subject of the PHI, or written authorization from any other person, where such authorization would be required under state law for such use or disclosure.

b. Amendment. Covered Entity and Business Associate agree to enter into good faith negotiations to amend this Agreement to come into compliance with changes in state and federal laws and regulations relating to the privacy, security and confidentiality of PHI. Covered Entity may terminate this Agreement upon thirty (30) days written notice in the event that Business Associate does not promptly enter into an amendment that Covered Entity, in its sole discretion, deems sufficient to ensure that Covered Entity will be able to comply with such laws and regulations.

c. No Third Party Beneficiaries. Nothing express or implied in this Agreement is intended or shall be deemed to confer upon any person other than Covered Entity, Business Associate, and their respective successors and assigns, any rights, obligations, remedies or liabilities.

d. Ambiguities. The Parties agree that any ambiguity in this Agreement shall be resolved in favor of a meaning that complies and is consistent with applicable law protecting the privacy, security, and confidentiality of PHI, including, without limitation, MRPA, HIPAA, the HIPAA Regulations, and the HITECH Act.

e. Primacy. To the extent that any provision of this Agreement conflicts with the provision of any other agreement or understanding between the Parties, this Agreement shall control.

1) It will return or destroy all PHI, if feasible, received from or created or received by it on behalf of Covered Entity that Business Associate maintains in any form, and retain no copies of such information which for purposes of this Agreement shall mean all backup tapes. Prior to doing so, Business Associate further agrees to recover any PHI in the possession of its subcontractors or agents. An authorized representative of Business Associate shall certify in writing to Covered Entity, within thirty (30) days from the

date of termination or other expiration of the Underlying Agreement, that all PHI has been returned or disposed of as provided above and that Business Associate or its subcontractors or agents no longer retain any such PHI in any form.

2) If it is not feasible for Business Associate to return or destroy said PHI, Business Associate will notify the Covered Entity in writing. The notification shall include a statement that the Business Associate has determined that it is infeasible to return or destroy the PHI in its possession, and the specific reasons for such determination. Business Associate shall comply with the Security Rule and extend any and all protections, limitations and restrictions contained in this Agreement to Business Associate's use and/or disclosure of any PHI retained after the termination of this Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.

3) If it is infeasible for Business Associate to obtain, from a subcontractor or agent any PHI in the possession of the subcontractor or agent, Business Associate must provide a written explanation to Covered Entity and require the subcontractors and agents to agree to comply with the Security Rule and extend any and all protections, limitations and restrictions contained in this Agreement to the subcontractors' and/or agents' use and/or disclosure of any PHI retained after the termination of this Agreement, and to limit any further uses and/or disclosures to the purposes that make the return or destruction of the PHI infeasible.

g. Offshore Work. In performing the functions, activities or services for, or on behalf of Covered Entity, Business Associate shall not, and shall not permit any of its agents or subcontractors who receive Covered Entity's PHI to, transmit or make available any PHI to any entity or individual outside the United States without prior written consent of Covered Entity.

### FERPA CONFIDENTIALITY AND SECURITY ADDENDUM

This FERPA Confidentiality and Security Addendum (“**Addendum**”) is made and entered into effective as of [ ] (the “**Effective Date**”) by and between **The University of Texas** [ ], a state agency and institution of higher education established under the laws of the State of Texas (“**University**”) and [ ] (“**Contractor**”), (collectively, “**Parties**”). The purpose of this Addendum is to provide the terms under which Contractor is required to maintain the confidentiality and security of any and all University records subject to the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g (“**FERPA**”) which Contractor will create, receive, or maintain on behalf of University pursuant to [Identify underlying contract to which the Addendum is attached.](“**Underlying Agreement**”).

1. **FERPA.** The Parties understand and agree that:
  - 1.1 As part of the work (“**Work**”) that Contractor will provide pursuant to the Underlying Agreement, Contractor is expected to create, receive or maintain, records or record systems from or on behalf of University that (a) are subject to FERPA or (b) contain personally identifiable information from “Education Records” as defined by and subject to FERPA (collectively, “**FERPA Records**”) namely: [Insert description of the types or categories of records subject to FERPA to be created, accessed and or maintained by Contractor.]. FERPA Records include all data in any form whatsoever, including electronic, written and machine readable form.
  - 1.2 Notwithstanding any other provision of the Underlying Agreement, this Addendum or any other agreement, all FERPA Records created, received or maintained by Contractor pursuant to the Underlying Agreement will remain the sole and exclusive property of University.
2. **FERPA Compliance.** In connection with all FERPA Records that Contractor may create, receive or maintain on behalf of University pursuant to the Underlying Agreement, Contractor is designated as a University Official with a legitimate educational interest in and with respect to such FERPA Records, only to the extent to which Contractor (a) is required to create, receive or maintain FERPA Records to carry out the Underlying Agreement, and (b) understands and agrees to all of the following terms and conditions *without reservation*:
  - 2.1 **Prohibition on Unauthorized Use or Disclosure of FERPA Records:** Contractor will hold University FERPA Records in strict confidence. Contractor will not use or disclose FERPA Records received from or on behalf of University, including any FERPA Records provided by a University student directly to Contractor, except as permitted or required by the Underlying Agreement or this Addendum.
  - 2.2 **Maintenance of the Security of FERPA Records:** Contractor will use the administrative, technical and physical security measures, including secure encryption in the case of electronically maintained or transmitted FERPA Records, approved by University and that are at least as stringent as the requirements of

UT System Information and Resource Use & Security Policy, UTS 165 at <http://www.utsystem.edu/board-of-regents/policy-library/policies/uts165-information-resources-use-and-security-policy>, to preserve the confidentiality and security of all FERPA Records received from, or on behalf of University, its students or any third party pursuant to the Underlying Agreement.

- 2.3 **Reporting of Unauthorized Disclosures or Misuse of FERPA Records and Information:** Contractor, within one (1) day after discovery, will report to University any use or disclosure of FERPA Records not authorized by this Addendum. Contractor's report will identify: (i) the nature of the unauthorized use or disclosure, (ii) the FERPA Records used or disclosed, (iii) who made the unauthorized use or received the unauthorized disclosure, (iv) what Contractor has done or will do to mitigate any deleterious effect of the unauthorized use or disclosure, and (v) what corrective action Contractor has taken or will take to prevent future similar unauthorized use or disclosure. Contractor will provide such other information, including written reports, as reasonably requested by University. For purposes of this **Section 2.3**, an unauthorized disclosure or use includes any access or use of an "Education Record" (as defined by FERPA) by a Contractor employee or agent that the employee or agent does not require to perform Work or access by any employee or agent that does not involve the provision of Work.
- 2.4 **Right to Audit:** If University has a reasonable basis to believe that Contractor is not in compliance with the terms of this Addendum, University may audit Contractor's compliance with FERPA as Contractor's compliance relates to University's FERPA Records maintained by Contractor.
- 2.5 **Five Year Exclusion for Improper Disclosure of Education Records.** Under the federal regulations implementing FERPA, improper disclosure or redisclosure of personally identifiable information from University's "Education Records" (as defined by FERPA) by Contractor or its employees or agents may result in Contractor's complete exclusion from eligibility to contract with University for at least five (5) years.
3. **Return [Option: or Secure Destruction] of FERPA Records.** Contractor agrees that no later than 30 days after expiration or termination of the Underlying Agreement or this Addendum for any reason, or within thirty (30) days after University's written request, Contractor will halt all access, use, creation, or processing of FERPA Records and will return to University [Option: or Securely Destroy] all FERPA Records, including any copies created by Contractor or any subcontractor; and Contractor will certify in writing to University that all FERPA records have been returned to University [Option: or Securely Destroyed]. [Option: "Secure Destruction," "Securely Destroy" and "Securely Destroyed" mean shredding, erasing or otherwise modifying a record so as to make it unreadable or indecipherable.]
4. **Disclosure.** Contractor will restrict disclosure of FERPA Records solely to those employees, subcontractors, or agents of Contractor that have a need to access the FERPA Records in order for Contractor to perform its obligations under the Underlying Agreement or this Addendum. If Contractor discloses any FERPA Records to a

subcontractor or agent, Contractor will require the subcontractor or agent to comply with restrictions and obligations that align with the restrictions and obligations imposed on Contractor by the Underlying Agreement and this Addendum, including requiring each subcontractor or agent to agree to the same restrictions and obligations in writing.

5. **Termination.** This Addendum will remain in effect until the earlier of (a) expiration or termination of the Underlying Agreement, or (b) the date University terminates this Addendum by giving Contractor sixty (60) days' written notice of University's intent to terminate. **Sections 2, 3, 4, and 6** of this Addendum will survive expiration or termination of the Underlying Agreement and this Addendum.
6. **Breach.** In the event of a breach, threatened breach or intended breach of this Addendum by Contractor, University (in addition to any other rights and remedies available to University at law or in equity) will be entitled to preliminary and final injunctions, enjoining and restraining such breach, threatened breach or intended breach.
7. **Governing Law.** The validity, construction, and performance of this Addendum are governed by the laws of the State of Texas, and suit may be brought in **Travis** County, Texas to enforce the terms of this Addendum.

## ADDENDUM 1

DATE: May 5, 2020  
PROJECT: Security Sustainability Review Services  
RFP NO: 720-2002  
OWNER: The University of Texas System Administration  
TO: Prospective Bidders

This Addendum forms part of Contract Documents and modifies Bid Documents dated October 7th, 2019 with amendments and additions noted below.

### **Questions and Answers:**

- 1. Question:** With the understanding the 15 institutions are in scope for review, we would like to confirm your expectations for the breadth of analysis and review for each institution in terms of inclusion within the scope:
- o Distributed IT units / functions across Universities (e.g. College of Medicine / Engineering, Business School, Athletics, Research, Library, Advancement, IR)
  - o Distributed IT units / functions across Medical Facilities (e.g. Physicians Practices, Radiology, satellite clinics, patient kiosks, Research, Grateful Patient)
  - o It is assumed all Central IT / CISOs / Privacy / Compliance / Finance / HR units, relevant IT service providers are included within the scope
  - o Any additional guidance on institutional scope (in or out) would be appreciated.

**Answer:** *Yes, distributed IT units such as those illustrated above are in scope for analysis. Some institutions have much more distributed IT than others.*

*Central IT and information security functions are within scope. Costs for IT service providers (cloud services, MSSPs, etc.) are within scope. Privacy and Compliance functions are NOT in scope.*

*What is most important is that Proposer states its assumptions about scope (in and out) in the proposal.*

- 2. Question:** We understand you assessed your networks recently. Can you further describe how Institutional and System networks work together?

**Answer:** *Each institution architects, designs, provisions, and manages their institution's network. The Office of Telecommunication Services (OTS) at UT Austin (under contract to UT System Administration) provides a WAN to institutions who choose to use it. Over the past few years, OTS and UT*

*System have worked together to standardize how each institution connects to the WAN but this is an ongoing effort. Institutions manage the performance, upgrade schedule, and configuration of their networks. Some institutions use Cisco equipment, some use Juniper. UT System will provide Contractor with diagrams, rate schedules, etc. for the WAN provided by OTS.*

**3. Question: What discrete steps or processes do the Institutions need to follow to apply for these funds?**

*Answer: Requests to the LERR fund are part of the annual budget process. Requests to the Board for special initiatives are usually made by UT System Administration on behalf of the collection of institutions and there is no regular or recurring program to request these funds. One objective of this study is to recommend constructs which will make the planning and funding for capital upgrades more routine and predictable.*

**4. Question: Section 1.2: Background and Special Circumstances**

- **Are these really two simultaneous projects? Or are they two distinct projects (e.g., gap assessment and funding piece)?**

*Answer: Both types of works need to be included. Proposers are free to propose how they would structure and sequence the work.*

**5. Question: Section 1.2: Background and Special Circumstances**

- **Do you have a preferred reference framework that you would like the Contractor to use?**

*Answer: The state of Texas has built their standards catalogue etc. about the NIST framework. At least two (2) UT health institutions are also using the HITRUST framework so the ability to map findings to that framework would be a plus but is not required.*

**6. Question: Section 1.2: Background and Special Circumstances**

- **Would you like a comprehensive, exhaustive gap assessment (e.g., assessing all controls in the chosen industry framework) performed for each institution? Or would you like a risk-based approach with a sample of controls assessed within the given framework?**

*Answer: UT System prefers a risk-based approach but note that the risks need to be expressed in terms of the potential business impact, not just the controls family.*

**6. Question: Section 5.3.3: Scope of Work - Deliverables**

- **To what specific level of detail would you like the recommended operating budget / spending levels to be presented in the deliverables (e.g., rounded to thousands, hundreds, single dollars)?**

**Answer:** *Rounded to thousands.*

**7. Question: Section 5.3.3: Scope of Work - Deliverables**

- **To what level of decentralization of IT (e.g., percentage of salary for a departmental helpdesk person) would you like in the expenditure recommendations?**

**Answer:** *To some extent this will need to be refined during the project. However, the expenditure recommendations need to give institutional leadership metrics such as ratios (percentage of IT budgets, \$ per student, staff, faculty, or patient) that they can apply themselves. The recommendations will potentially be used as guidelines (like benchmarks) for recasting budgets so that funding is at appropriate levels.*

**8. Question: Section 5.3.3: Scope of Work – Deliverables**

- **Which reports / deliverables will go to which governing bodies (e.g., institutional audit committees, Board of Regents)?**

**Answer:** *Institution level reports should be geared toward a President's cabinet which usually includes a chief business officer/CFO, Provost, CIO, CISO, HR, VP of research). It will be up to institutional leadership to decide what to share with their audit committee. At this time, it is difficult to anticipate how the findings from this study will be summarized for the Board of Regents, the legislative budget board, etc. Proposers should include an assumption about how many hours will be budgeted for the development of such reports.*

**9. Question: PER RFP: "1. Develop an assessment of each institution's security program / posture as compared to a reference architecture or framework and identify specific strengths and gaps;"**

**Does UT System want testing (network scanning, application scanning, host scanning, etc.) and validation (screenshots) included as a part of the assessment of each institutions security program posture?**

**Answer:** *UT System does not expect Contractor to conduct such tests, although if Proposer wants to propose these as separate work products with separate fees Proposer is welcome to do so. Institutions will be asked to supply Contractor with results of any penetration tests, web application tests, etc. that have been conducted within the past two (2) years.*

**10. Question: PER RFP: "UT System will provide Contractor with a list of key contacts at each UT Institution and an overall study coordinator for each UT Institution. Scheduling of calls and visits is the responsibility of Contractor with assistance from each UT Institution's overall study coordinator."**

**As there are dependencies on each UT Institution's resources for information, coordination, and access, how will institutional caused**

**delays be managed with respect to the Contractor's agreement, project schedule, and deliverables?**

**Answer:** *UT System resources will communicate the schedule and expectations for cooperation and participation of the institutions and will intervene if an institution is not responsive. During the project planning activities, Contractor and UT System will agree upon the critical path, time table etc. and UT System will communicate these to the institutions coordinators and key stakeholders. If one or more institutions is unresponsive, UT System and Contractor will work out a mutually agreeable adjustment to the schedule.*

**11. Question: PER RFP: "Information Sources**

**Financial information will need to be gathered at the institutional level. Seven (7) academic institutions use PeopleSoft which is run by a shared services organization. One (1) academic institution uses a financial system developed in house. Each health care organization runs their own instance of PeopleSoft."**

**For the financial assessment, will each UT Institution's key contacts be providing the financial information requested, or will the Contractor need to log into various systems for gathering this information?**

**Answer:** *UT System expects Contractor to provide a data collection template that each institution will complete. Contractor will NOT be expected to access the systems directly.*

**12. Question: PER RFP: "Information Sources"**

**Will the UT Institutions provide open information security audits as a part of the reference information, so these requirements can be factored into delivering the RFP stated objective from Section 1.2 (2) "the proposed budget should enable UT Institution to address the gaps within a three to five-year time period"?**

**Answer:** *Yes, open information security audits will be made available.*

**13. Question: PER RFP: "Most institutions operate their own data centers. There are also three (3) shared regional data centers: Houston operated by M.D. Anderson Cancer Center, Austin operated by UT Austin, Arlington operated by a Shared Services organization. The Texas Advanced Computing Center (TACC) operated by UT Austin offers high performance computing to researchers."**

**Please confirm the shared data centers will be a part of the responsible institution's security assessment and not separate. Thus, making the total number of assessments and assessment site visits equal to 15 (14 institutions + UT System)?**

**Answer:** *That is correct. Regional data centers will be assessed as part of the 'owner's' assessment.*

**14. Question:** PER RFP: "The vendor may be required to enter into the appropriate FERPA Addendum"

**Can UT System provide an example of this requirement?**

**Answer:** *It is listed as EXHIBIT F in APPENDIX TWO - Sample agreement.*

**15. Question:** Question 1.02 in the spreadsheet asks for vendor experience with UT System, in Section 5.4.2 of the RFP document it asks for vendor experience with university institutions. Is this limited to UT System work in the past 5 years or both UT System work and any work with individual UT institutions? Are we only to provide the answer in the excel spreadsheet?

**Answer:** *Both UT System work and any work with individual UT institutions.*
