Excluding other postemployment benefits (OPEB) and pension expense, *U. T. System Consolidated* shows year-to-date adjusted income of \$282.7 million, a decrease of \$38.3 million (12%) from the prior year. The decrease was primarily due to the following: an increase in salaries and wages to support faculty and clinical services; and a decrease in auxiliary revenues and sales and services of educational activities as a result of COVID-19.

Monthly Financial Report Comparison of Operating Results, Margin and Projected Year-End For the Period Ending March 31, 2021

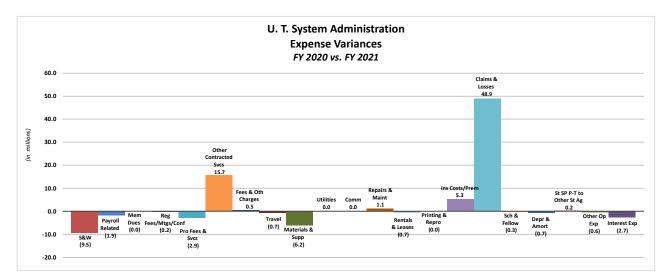

Excluding OPEB and pension expense, *U. T. System Administration* incurred a year-to-date adjusted loss of \$210.4 million, an increase in adjusted loss of \$127.2 million (153%) from the prior year. The increase was primarily attributable to a decrease in net investment income as a result of decreases in the Permanent University Fund (PUF) oil royalties, PUF and Long Term Fund (LTF) investment income, and Available University Fund (AUF) surface income, combined with an increase in PUF and LTF expenses. An increase in investment income in the Internal Lending Program (ILP) attributable to *U. T. System Administration*'s optional termination of its existing municipal market data (MMD) basis swaps with Deutsche Bank partially offset the overall decrease in net investment income. Other operating expenses also increased primarily due to increases in claims and losses and insurance costs/premiums for the medical self-insurance plan, Comprehensive Property Protection Plan (CPPP) Wind & Flood, CPPP Fire and All Other Perils (AOP) and Rolling Owner Controlled Insurance Program (ROCIP). The most current projection, excluding OPEB and pension expense, reflects income of \$77.8 million for the year.

Brief explanations for U. T. System Administration's largest expense variances are provided below:

<u>Salaries & Wages</u> – decrease of \$9.5 million due to decreases in Shared Information Services (SIS) and the Office of Facilities Planning and Construction, as well as a decrease in the vacation payout as compared to the prior year.

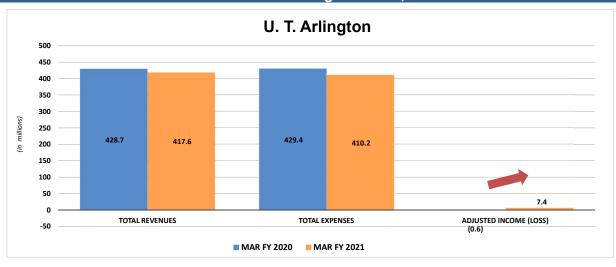

\* <u>Payroll Related Costs</u> - the negative payroll related costs at year-end relate to the pension entry to defer pension contributions made after the measurement date for the entire System.

Other Contracted Services - increase of \$15.7 million primarily due to increased expenses for SIS and Arlington Regional Data Center (ARDC).

<u>Materials and Supplies</u> - decrease of \$6.2 million primarily due to timing of Microsoft Agreement revenue and corresponding service department elimination. A timing difference related to the annual Systemwide IT Assessment partially offset the decrease.

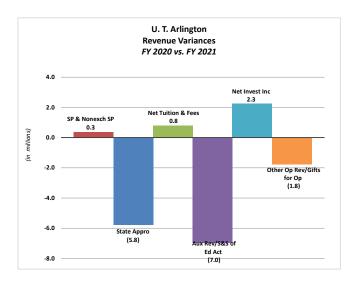

<u>Insurance Costs/Premiums</u> – increase of \$5.3 million primarily attributable to an increase in CPPP Wind & Flood, medical selfinsurance plan, and CPPP Fire and AOP insurance costs, as well as an increase in ROCIP insurance costs compared to the prior year. Reimbursement for CPPP Wind & Flood and CPPP Fire and AOP insurance costs/premiums expected in the fourth quarter of FY 2021.

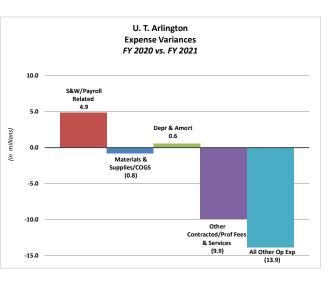

<u>Claims and Losses</u> – increase of \$48.9 million due to the medical self-insurance plan and an increase in CPPP Wind & Flood and CPPP Fire and AOP claims.

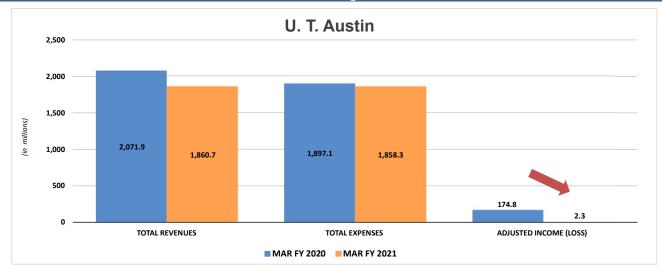

*U. T. Arlington* reported year-to-date adjusted income of \$7.4 million, an increase in adjusted income of \$8.1 million (1,296%) from the prior year. The increase was primarily attributable to the following: a decrease in other operating expenses primarily due to a reduction in travel expenses attributable to COVID-19, a decrease in repairs and maintenance, and a decrease in official occasion expenses across all departments as a result of COVID-19; and a decrease in other contracted services/professional fees and services largely attributable to a decrease in IT expenditures and a decrease in Huron consulting expenses. The most current projection received from *U. T. Arlington* reflects income of \$20.2 million for the year.

*U. T. Austin* reported year-to-date adjusted income of \$2.3 million, a decrease in adjusted income of \$172.5 million (99%) from the prior year. The decrease was primarily due to the following: a decrease in auxiliary revenues and sales and services of educational activities as a result of the continued impact of COVID-19; and a decrease in gift contributions for operations. The most current projection received from *U. T. Austin* reflects income of \$73.3 million for the year.

*U. T. Dallas* incurred a year-to-date adjusted loss of \$3.4 million, a decrease in adjusted loss of \$7.4 million (68%) from the prior year. The decrease was primarily attributable to the following: a decrease in other operating expenses due to a reduction in travel attributable to restrictions related to COVID-19, a decrease in repairs and maintenance, a decrease in official occasion expenses across all departments as a result of the continued impact of COVID-19, and a decrease in rentals and leases due to a reduction in Office of Information Technology rentals; a decrease in material and supplies among various departments; and a decrease in salaries and wages attributable to budget cuts, hiring freezes, and a decrease in annual merit increases compared to the prior year. The most current projection received from *U. T. Dallas* reflects a loss of \$5.9 million for the year.
