ESTABLISHMENT OF DELTA PHI EPSILON--TILLIE ODERBOLZ SCHOLARSHIP: The alumnae of Chi Chapter, Delta Phi Epsilon Sorority, wish to establish a scholarship fund (in an initial amount of \$2,500) at Main University in memory of Mrs. Tillie Oderbolz who served faithfully as Chi Chapter housemother for approximately twenty-three years, and who died July 20, 1960. The sum is to be invested by the University, and the income therefrom is to be used for scholarship awards to undergraduate female students. Any future contributions are to be added to the principal unless any donor specifically requests the contribution to be placed in the income account. Application for such award is to be made to the Director of Student Financial Aids and the recipients will be selected by the University's Committee on Financial Aid to Students. I recommend acceptance of this scholarship.

FACULTY LEGISLATION: The following legislation has been passed by the body indicated. I recommend approval.

1. The Faculty Council on January 31, 1966, approved by the circularization procedure the proposal of the College of Arts and Sciences to change the requirement for a major in anthropology under the Degree of Bachelor of Arts, Plan I, as set out on page 50 of the Arts and Sciences Catalogue for

1965-67 (D&P 3638). The change eliminates the listing of specific courses that may be taken above the six hours of introductory freshman anthropology, and simply requires at least fifteen hours of advanced anthropology, of which six must be of senior rank, retaining the twenty-four semester hour total. This is done to make a more flexible degree programming.

2. The Faculty Council on February 19, 1966, approved by the circularization procedure the proposal of the College of Arts and Sciences to change the first minor requirement for a major in philosophy under the Degree of Bachelor of Arts, Plan I as set out on page 57 of the College of Arts and Sciences Catalogue for 1965-67 (D&P 3658). This legislation adds linguistics as a possible subject to choose to make up the twelve semester hours required, and also adds the choice of twelve semester hours, of which six must be upper division, in the literature of any language. The reason given is that philosophical concepts are expressed, and insights exhibited, in the literatures of Greek, Latin, English, and the Germanic, Romance, and Oriental languages. The Department of Philosophy encourages its majors to develop their competence by going beyond the minimal college requirements into advanced work in literature.

3. The Faculty Council at its meeting on February 21, 1966, approved the recommendations of the Deans' Council to change the regulations regarding dismissal of students for academic reasons (D&P 3650-51).

The present rules provide that a student on scholastic probation will be dismissed (1) if at the end of any long-session semester he fails to achieve the minimum standard required for his academic level; (2) if he fails to be removed from scholastic probation in three consecutive long-session semesters; (3) if he fails to pass any work in any long-session semester; or (4) if he withdraws during a long-session semester, he is counted as having failed to satisfy the required minimum standards and re-entry is limited. The present rule also states that if the required minimum of work in the case of a student who is on scholastic probation cannot be determined because of the symbol R, such student is considered to have failed. The proposed legislation provides that dismissal under these conditions (or failure because of the R symbol) obtains only if the student has less than a cumulative C average. In other words, no student will be dismissed for academic reasons unless (1) he has less than an over-all C average and (2) according to the present rule, he has failed to pass the necessary number of hours and make the necessary number of grade points during a semester while on scholastic probation. This material appears in the General Information bulletin (Publication number 6513, July 1, 1965), page 63.

4. The Graduate Assembly on February 7, 1966, recommended that any student registering in the Graduate School who has completed two years of a major modern foreign language with an average grade of B or better at any undergraduate college on a list to be compiled by the Office of the Graduate Dean in conjunction with representatives of the Main University language departments shall be deemed to have satisfied the basic language requirement of the Graduate School where such applies to doctoral programs. Other students may satisfy the requirements by taking two years at the University or by examination.

5. The Graduate Assembly at its meeting on February 7, 1966, recommended that beginning September 1, 1966, Graduate Studies Committees are empowered to accept three hours of supervised and evaluated teaching experience in their individual academic areas, or by joint action of two or more Graduate Studies

Committees in interdisciplinary areas, for credit on a master's program or listing for evaluation on a doctoral program, these three hours, however, not to be accepted in lieu of a thesis or the alternate method for meeting the terminal requirement in the master's program now in existence.

OUTSIDE EMPLOYMENT: I recommend that the persons listed below be permitted to undertake the outside duties specified for each, the work to be arranged so as not to interfere with University assignments and otherwise to conform to Chapter III, Sec. 13, of Part I of the Rules and Regulations of the Board of Regents for the Government of The University of Texas:

1. Mr. Richard Adams, Professor of Anthropology and Acting Director of the Latin-American Institute, to act as Executive Secretary of the Committee on Latin American Educational Cooperation for Education and World Affairs.

3. Mr. Keith E. Morrison, Professor of Law, to prepare legal memoranda on estate planning and taxation for an attorney in Dallas.

4. Laboratory Manual, (for Microbiology 619) by C. E. Eklund and C. E. Lankford, both of the Department of Microbiology, published by the University Co-Op, which sells for \$4.50 with royalty of 63¢ each to authors.

1. Mr. Richard L. Norgaard, Associate Professor of Finance on University Research Institute assignment the second semester, February 10-16, 1966, transportation from Los Angeles, California, where he was doing research, to Austin, at an approximate cost of \$80.00, paid from University Research

Institute funds allotted to Project L-535, under Professor Norgaard's direction. Approval has also been given for Dr. Norgaard to make several round trips during the semester from Austin to Los Angeles at approximate cost of \$160 each, payment to be made from the account indicated above.

2. The following were reported in the docket for the February meeting and are repeated here to indicate the amounts involved:

Dalc, Social Science Research Associate V, Linguistics Research Center, December 3, 1965, to College Station, Texas, to attend the Symposium on Computer Research in the Humanities, expenses in the amount of \$18.64 for Dr. Rehder, who took his car, and in the amount of \$2.00 each for the other two, paid from Miscellaneous Administrative Expenses.

14.	Robert A. Minkoff Psychology	Social Science Research Assistant II (1/2 T.)	Social Science Research Associate I (7/20 T.)	
	Salary Rate	\$ 3,504	\$ 4,800	1/16/66
	Source of Funds: U.S. Dept. of HEW Contract			

The primary reason for appointing Mr. Minkoff to the Associate I level is that his laboratory duties have changed. When first appointed Mr. Minkoff knew little about the functioning of our laboratory. With experience, however, he has not only mastered his original research assistant duties but shown himself capable of performing newer and more complex tasks. Our laboratory contains a variety of fairly complicated electronic gear. Mr. Minkoff's primary duties as of this semester will be to keep this gear in operation and to design new circuits etc., to instrument new and different experimental problems.

We have a course with approximately 140 students enrolled which Dr. Pettit will teach. Last spring Dr. Pettit taught the same course, Home Economics 311, for us and did a fine job. She was Lecturer @ \$7,500 in 1965-66.

Her husband, Dr. Rowland Pettit, is a member of the faculty as Professor of Chemistry. Waiver of nepotism rules has been previously granted.

His full-time equivalent experience at Defense Research Laboratory as a Laboratory Research Assistant and as a Junior Engineer for the Sun Oil Company, Beaumont, Texas, is six months. 	Salary Rate	\$ 3,072	\$ 4,800	2/1/66
	Source of Funds: U.S.P.H.S. Contract			

Mr. Schlech is now a graduate student with some experience in microbiology, having previously worked in the department for Dr. Orville Wyss. His knowledge and familiarity with the type of work to be done in the laboratory justify the change in salary and title.

	Salary Rate	\$ 3,072	\$ 4,800	2/1/66
	Source of Funds: Air Force Contract			

Mr. Weigl completed all undergraduate requirements and was awarded the B.S. degree in Electrical Engineering on January 29, 1966 from The University of Texas. He is a valued and contributive research worker and fully merits this adjustment in rank and salary from his previous undergraduate status to his present graduate status.
(RBC# 1403)

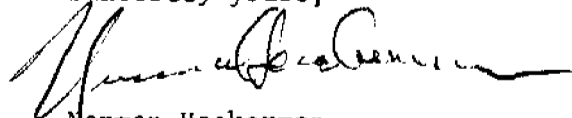

19.	Ramsey W. Wiggins Radiocarbon Dating Laboratory	Research Scientist Assistant I (3/4 T.)	Research Scientist Associate I (F.T.)	
	Salary Rate	\$ 4,800	\$ 6,168	2/1/66

Mr. Wiggins graduated from this University in January 1965, and has been attending graduate school while employed part-time here. It is only because of his status as a part-time student that we have not previously been able to appoint him to the position now recommended. He is fully trained and has been performing the routine operations of the laboratory for some time with only minimal supervision. TEXAS WESTERN COLLEGE
of The University of Texas
El Paso, Texas

March 7, 1966

Dr. Harry H. Ransom, Chancellor
The University of Texas
Austin, Texas

Dear Dr. Ransom:

The following docket is submitted for your approval and presentation to the Board of Regents at its meeting in Austin on April 1-2, 1966:

TRAVEL

Approve the request of Dr. Clyde E. Kelsey, Jr., Dean of Students and Director of the Inter-American Institute, to be absent for the period beginning March 3 and ending March 29, 1966, to travel to Venezuela, South America, to study and survey the present university situation in Venezuela and participate in a democratically-oriented student-sponsored seminar. The source of funds for travel expenses will be the United States Department of State.

BUSINESS CONTRACT ITEMS

I recommend approval of the following contract:

File

Contract with Peck's Automotive Service, 4518 Tetons, El Paso, Texas, for maintenance service on all Texas Western College automotive vehicles for the period beginning April 15, 1966 and ending August 31, 1967, with labor at \$5.50 per hour and parts at list less 10%. Invitations to bid and specifications were sent to seven prospective bidders and four bids were received. The College does not have an automobile mechanic on its physical plant staff and the Director of Physical Plant maintains that this arrangement will be cheaper than hiring a mechanic and obtaining the necessary repair equipment.

GIFTS

Doc.

The following gifts have been received by Texas Western College. I recommend acceptance and that the thanks and appreciation of the Board be sent the donors by the Secretary. In the case of scholarships where the recipient is designated, it has been determined that the donor is a public or charitable institution and that the donation does not constitute an evasion of taxes.
