ROSEMARY WALLING HARMON MEMORIAL SCHOLARSHIP: Mr. Darrell Boyd Harmon of Austin, Texas, has executed a Gift in Trust, giving to the University forty shares of the common stock of The Austin National Bank of Austin to form the initial corpus of a trust to be known as the Rosemary Walling Harmon Memorial Scholarship in memory of his wife. The income of this trust is to be used to provide scholarships for graduate students doing work in the field of psychophysiology or psychobiology at The University of Texas at Austin but provides that the trustees (the Board of Regents of the University of Texas System) may at their discretion grant scholarships hereunder to graduate students not doing work in the aforesaid field, or even may designate another purpose which might be more appropriate under the circumstances. Mr. Harmon plans to increase the corpus to \$15,000 by providing a \$10,000 bequest in his will. Any other contributions are to become a part of the corpus of the trust.

I recommend acceptance of the scholarship fund. I further recommend that the scholarship be administered by the Graduate School.

F

OUTSIDE EMPLOYMENT: I recommend that the persons listed below be permitted to undertake the outside duties specified for each, the work to be arranged so as not to interfere with University assignments and otherwise to conform to Chapter III, Sec. 13, of Part One of the Rules and Regulations of the Board of Regents for the Government of The University of Texas:

1. Mr. David M. Young, Jr., Professor and Director of the Computation Center, to serve as an advisory member of the AUA Board Committee on Physical Sciences and Mathematics, which committee advises the AUA Board of Trustees on matters relating to the physical sciences and mathematics division of the Argonne National Laboratory.
2. Mr. Patrick Richard, Assistant Professor of Physics, to act as Consultant to Columbia Scientific Research Institute in Austin, Texas.
3. Mr. C. Pavan, Professor of Physics, to act as Consultant to Union Carbide Corporation, Biology Division, Oak Ridge National Laboratories.
4. Mr. Alton Hodges, Instructor in Physical Training for Men, to assist without remuneration, in the United Cerebral Palsy Clinic of Bastrop County, helping with physical therapy of patients in that area where there is no qualified person in rehabilitation exercises.

6. Dr. Curtis Reese, Physician in Student Health Center, to work part-time with the Mental Health-Mental Retardation Center.

FACULTY LEGISLATION: The following legislation has been passed by the General Faculty and/or Faculty Council. I recommend approval:

1. The Faculty Council at its meeting on March 17, 1969, approved the recommendations of the Calendar Committee for the 1970 Summer Session (D&P 4382-83). This calendar provides for two six week terms as well as a nine and twelve week term. Registration is on June 2-3, with classes beginning Thursday, June 4. Students registering for any course on these days will register and pay fees for all other courses to be taken during the entire Summer Session. Final examinations for first term courses are July 11-14, with no classes for the nine and twelve week classes scheduled on those days. Students in attendance for the second term only register on Wednesday, July 15. Examinations for nine-week courses will be given August 1-4, Saturday-Tuesday, with examinations for second-term and twelve-week courses August 22-25. Tuesday, August 25 is Graduation day but no public exercises.
2. The Faculty Council on March 25, 1969, approved by the circularization procedure changes in the College of Pharmacy catalogue (D&P 4384-4387).

This legislation rearranges slightly the courses and semester hours in specified courses that are required to be accepted for admission to the sequence of professional courses (third-year), the total, however, remaining 60 semester hours. It also rewrites the section under Requirements for the Degree of Bachelor of Science in Pharmacy, not altering, however, the 160 semester hour requirement. The legislation points out that the proposed curriculum permits the realization of several objectives which have been accepted by the faculty of the College of Pharmacy as being desirable; to-wit, (a) it provides a better arrangement of sequences within the professional curriculum; (b) it provides a greater opportunity for elections within the professional sequence as well as in general electives; and (c) it frees the last semester--except for clinical pharmacy and professional electives--so that senior students may be placed in experimental programs of a clinical nature which are being developed at several locations within the University System.

TRAVEL FOR FACULTY AND STAFF: The following trips are reported in accordance with Section 5.12 of the Budget Rules and Procedures for 1968-69 when expenses are paid from funds not specifically designated for travel, and in accordance with Section 13.23 of Chapter II of Part Two of the Rules and Regulations of the Board of Regents for the Government of The University of Texas when the absence is for a longer period than twenty-nine days:

USE OF TEXTBOOKS WRITTEN BY FACULTY: In accordance with Chapter III, Section 24 of Part One of the Regents' Rules and Regulations for the Government of The University of Texas, I recommend approval of the use of the following faculty-authored textbooks for the 1968-69 fiscal year:
